

# Our plan on a page 2018 and 2019

## Our Mission:

To facilitate work with member practices to maximise sustainability, to support workforce development and to enable more consistent and equitable delivery of high quality care

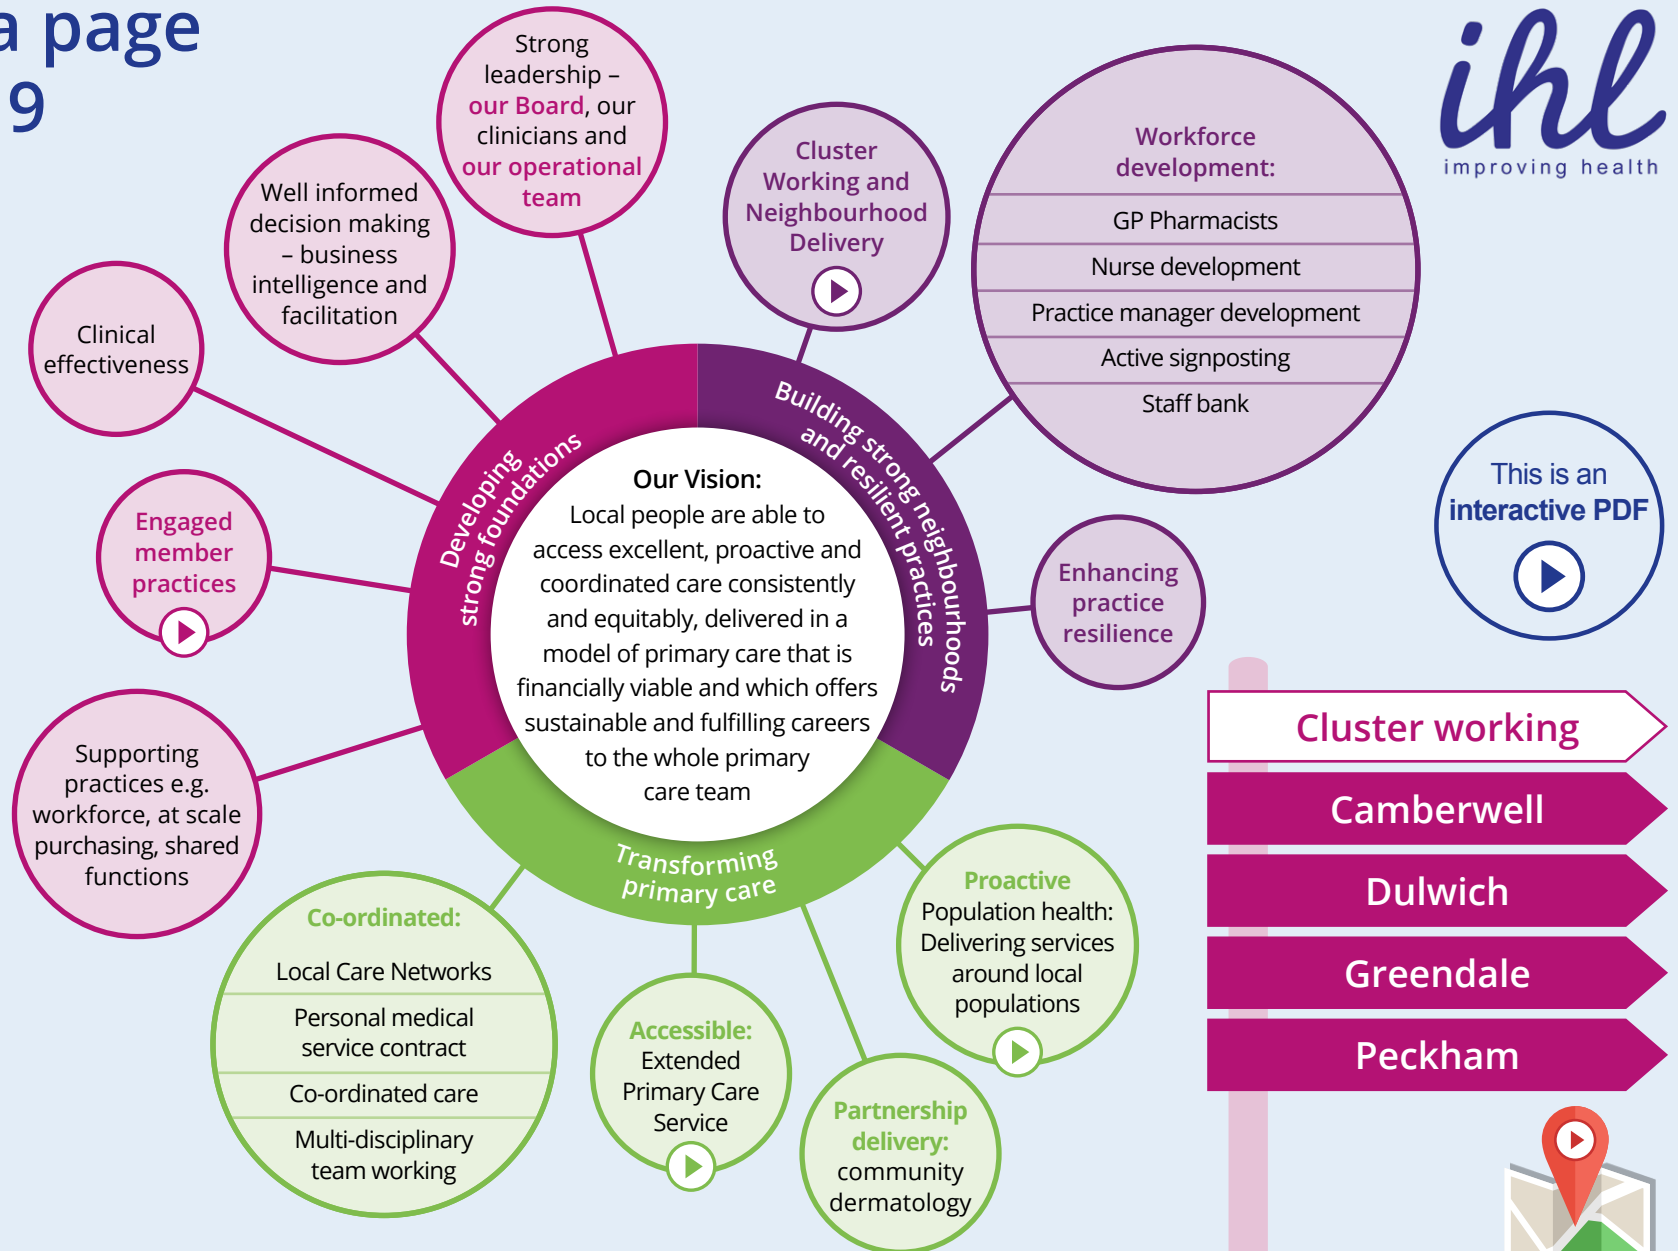

## Our objectives:

Strong primary care in South Southwark – working collaboratively to thrive in new commissioning environment: working at scale whilst retaining local focus

Providing short term support to practices when needed, whilst also supporting medium term development

Support practices to maximise contract income

Hold and deliver outcome based contracts and shape new models of delivery with partners to improve the quality of life for our population

Professional: open, fair, transparent, trustworthy, reliable and efficient

Accountable and responsible

Dedicated and committed

Making a measurable and positive difference
