

Our plan on a page 2019 and 2020

Our Mission:

To facilitate work with member practices to maximise sustainability, to support workforce development and to enable more consistent and equitable delivery of high quality care

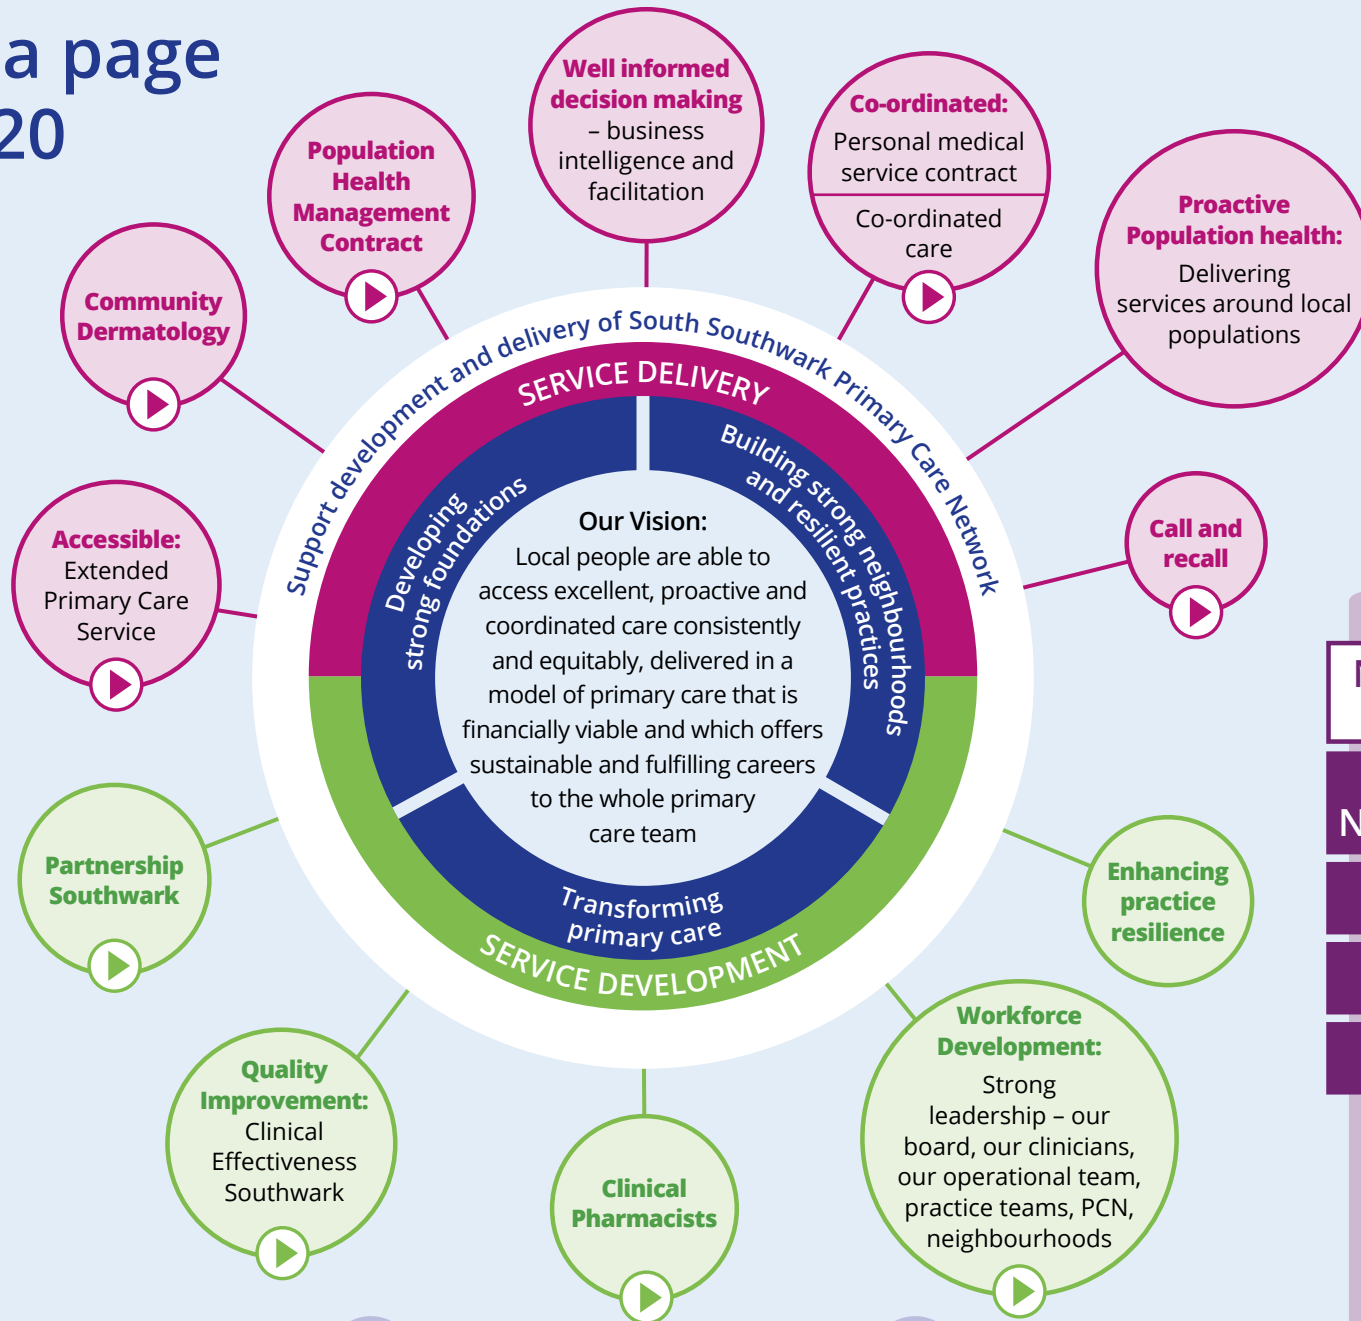

Our objectives:

Support the South Southwark Primary Care Network (PCN) and neighbourhoods to flourish and develop their workforce to improve patient outcomes

Strong primary care in south Southwark – working collaboratively to thrive in a new commissioning environment: working at scale whilst retaining local focus

Support our member practices to be more effective and resilient organisations

Shape new models of delivery with partners to improve the quality of life for our population

Professional: open, fair, transparent, trustworthy, reliable and efficient

Accountable and responsible

Dedicated and committed

Making a measurable and positive difference
